

## JCAA Project Proposal - 16" Squares with Circles

**Project Title:** 16" Squares with Circles

**Project Objective:** To offer JCAA members a project that is unifying to the association and challenges individual members to complete a two- or three-dimensional art project with constraints, and to exhibit the results as a unified effort in a creative way.

**Project Description:** JCAA members who chose to participate in the project will be provided a 16" X 16" board with a circle centered in the board. Artists may complete the artwork in any media, however, it must be affixed to the board. The circle must be incorporated in some way in the composition, and the artwork must be capable of hanging on a wall.

**Materials:** Furniture grade plywood will be cut to 16 inch squares. The squares will be given one coat of gesso, or a similar coating material sufficient to receive acrylic or oil paints. A circle in a thin line of acrylic paint will be applied to each board. The circles will be identical on each board.

**Fees:** JCAA members who participate will pay a fee. The fee will be a maximum of \$20, or less, depending on the cost of materials

**Deadline:** Those who participate will be given a submission deadline.

**Sale of Artwork:** Members who participate and complete the painting will be offered the opportunity to exhibit, and to offer for sale, their artwork. A commission will be paid on the sale consistent with the policy of the institution offering the display space. Art work which is not sold will be returned to the owner at the conclusion of the exhibition.

**Display Venue:** A suitable display venue will be determined by the JCAA Board. The Board will seek permission to hang the exhibit in the museum or if necessary, elsewhere.

**Mounting of Paintings:** A means of hanging paintings will be determined, and members will follow the agreed upon method of hanging. Some precision in the hanging of the exhibit may be necessary to assure pattern, continuity, and appearance.

---

### 16" Squares and Circles Project - Participation Form

**Please note:** Participation may be secured by contacting any JCAA Board member, **or** by completing and mailing this form by the date of our next meeting, January 19, 2016.

Please reserve a 16" Squares and Circles Board for me. I would like to participate in the project with other members of the JCAA. I realize a fee (maximum \$20) will be charged to cover the cost of the board and its preparation.
